

MIDIPLUS

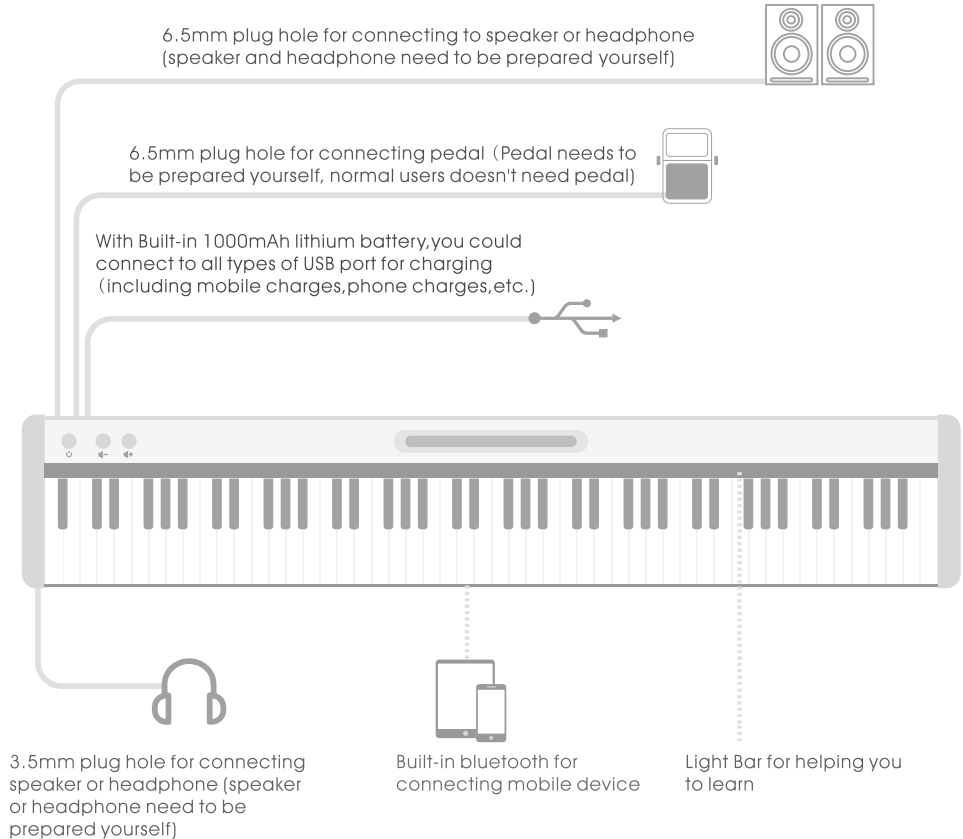

Piano Dreams Start From Here

POP Piano intelligent piano specification

Product Description

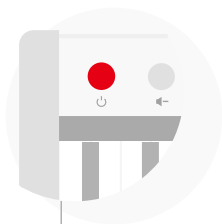

Start to operate

Scan the QR code to download
POP Piano software

Support mobile device like cellphone, pad, etc.

Support IOS 9.0 or later, Android 6.0 or later

Open your Wechat and
scan to download APP

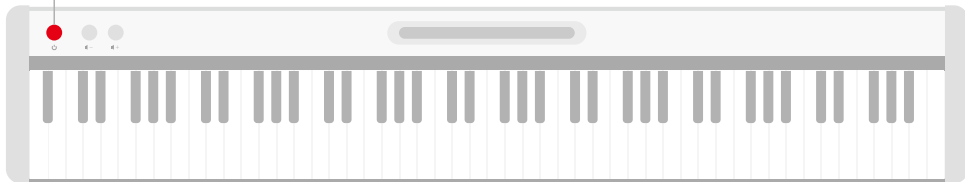

Press the button to start up the piano

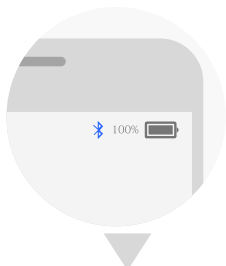

- Red LED light indicates the piano is on for playing. Need to connect headphones, speakers or mobile APP to play the sound.
- Blinking green LED light indicates the piano is charging, battery is full when the light stays.
- Blue indicates that the piano has been successfully connected to the mobile device.

Tips

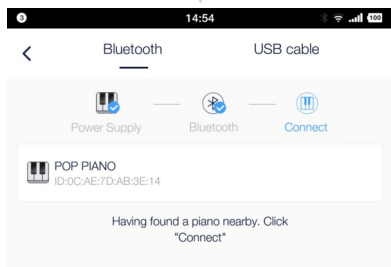

Single click the switch button to power on, long press the button for 2 seconds to power off. The piano will power off automatically while there is no playing after 30 minutes for saving power. You can use USB port for Charging, including mobile charges, phone charges, etc.

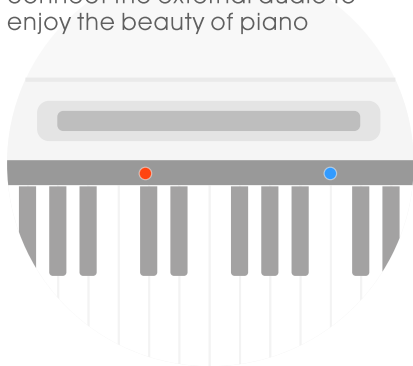

Use bluetooth to connect POP Piano APP

- Make sure the piano is on
- Make sure the bluetooth of cellphone or pad is on
- Find the POP Piano and connect according to the POP Piano software guidance
- Please don't connect the piano in the bluetooth of system and please operate in the POP piano.
- Indicated LED on the top left corner of piano will turn into blue from red when connect successfully.

Place your mobile device and connect the external audio to enjoy the beauty of piano

Scan the QR code below to check on the specific ways to connect and all kinds of learning course

Place your cellphone or pad in the groove which is in the middle of piano (Need to keep the network of cellphone or pad open), you can connect the external audio device if needed, it will make the sound effect better (the external audio device need to be prepared yourself, if there is no connecting, the sounds come from APP by default)

You could connect the pedal if needed(POP Piano has its own sustain effect, users can still learn without connecting pedal)

- Red indicator represents that need to play with left hand
- Blue indicator represents that need to play with right hand

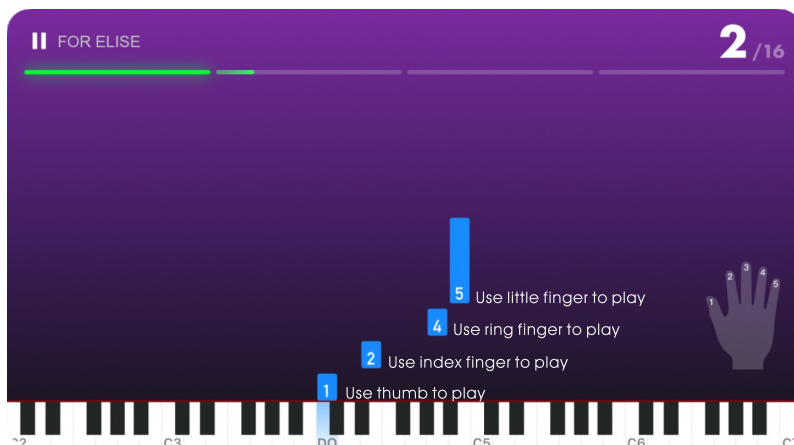

Learning method description

After choosing the song, follow the red&blue light on light bar to press the keys. Red light represents your left hand and blue light represents your right hand,the column bar on APP could also tell you to use right hand and left hand based on colors.

More difficult songs will be unlocked based on your proficiency.
Please start from the songs of Level 1.

- 1 . represents: Use thumb to play

- 4 . represents: Use ring finger to play
- 5 . represents: Use little finger to play

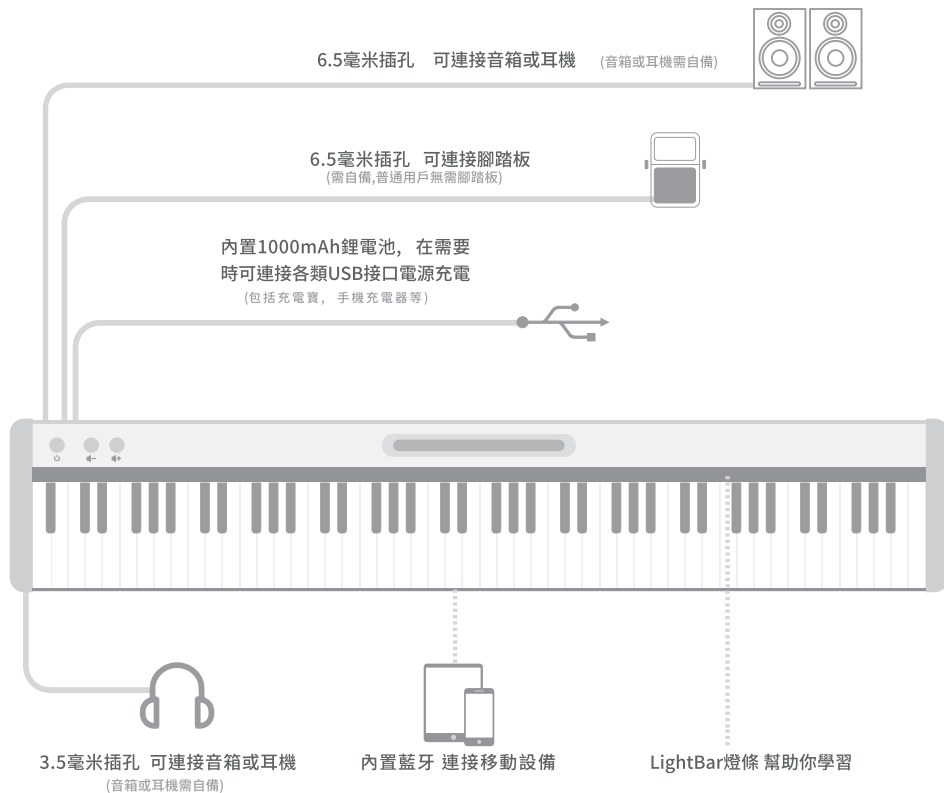

鋼琴夢想從這裡開啟

POP Piano 智能鋼琴使用說明書

產品簡介

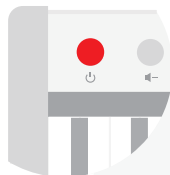

開始使用

掃描QR code 下載 POP Piano 軟件

支持手機、Pad等移動設備

支持iOS 9.0及以上、Android6.0及以上版本系統

打開微信掃一掃，下載APP

按下開關，鋼琴開啟

- 紅色表示鋼琴已經開啟,可使用,需連接耳機、音箱或手機APP才可以彈奏發聲
- 綠色呼吸燈狀態為正在充電,如綠燈長亮則表示電量已滿
- 藍色表示鋼琴已經藍牙連移動設備成功

小提示

單擊開關按鍵開機,長按2秒開機,開機30分鐘無彈奏則自動關機,以便節約電量
本鋼琴可使用USB接口充電,包括充電寶,手機充電器等

藍牙連接POP Piano學習軟件

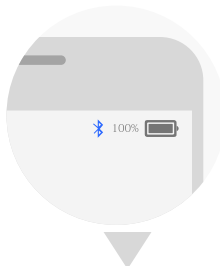

確認鋼琴已經打開

確認手機或者Pad的藍牙已經打開

按照POP Piano的軟件操作找到 **POP Piano** 鋼琴並且連接

(請在POP Piano中操作，而不是在系統的藍牙設置中連接鋼琴)

連接成功時，鋼琴左上角指示燈由紅色變為藍色

掃描下方QRcode可以查看詳情連接方法和各類教程

安放移動設備，連接外響，享受鋼琴之美

將手機或者Pad放置到鋼琴中間的凹槽(需保持設備網絡暢通)

如有需要可連接外響設備，聲音體驗效果更佳 (需自備外響，

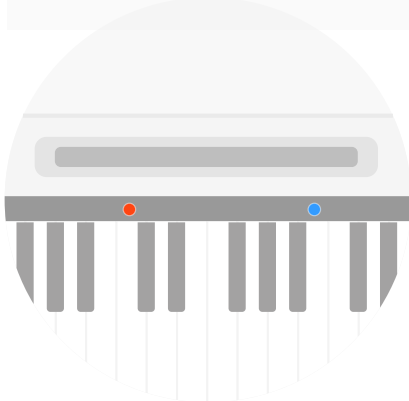

如不連接將默認通過手機APP發聲)

如有需要也可連接腳踏板(POP Piano自帶延音效果，普通用

戶不連接也可正常學習)

● 紅色指示燈需要用左手彈奏

● 藍色指示燈需要用右手彈奏

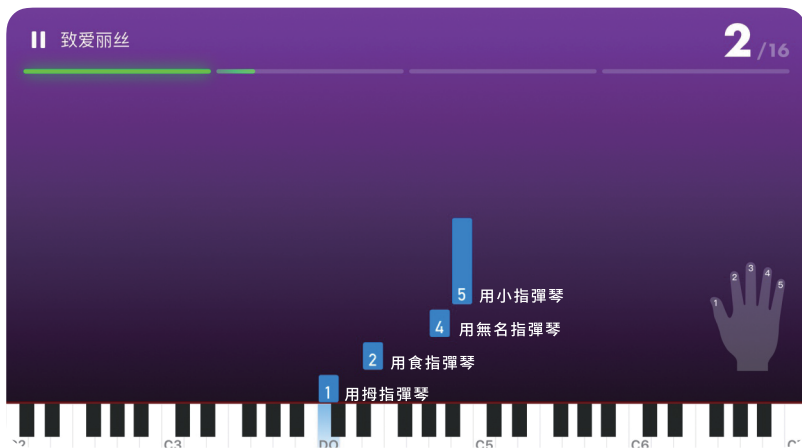

學習方法簡介

選擇曲目後，按照鍵盤燈條上紅藍燈指示按下鋼琴鍵
紅燈表示左手，藍燈表示右手，APP上柱狀條亦根據顏色區分左右手。

曲目難度根據熟練度逐漸解鎖，請從1級難度曲目開始學習。

- 1表示：用拇指彈琴
- 2表示：用食指彈琴
- 3表示：用中指彈琴
- 4表示：用無名指彈琴
- 5表示：用小指彈琴
